INDIA AND CHINA.

The news brought from India by the Bombay mail of the 3rd of June is of considerable interest. The Indian Council Bill, which Ministers represent to be a measure of vital importance to the state, has been thrown out by the Council, by a majority of nine votes, and Lord Palmerston and Prince Napoleon are said to have been in a great fright, and to have consulted together on the Sikh troops, who rule in that country and which they have at their command, as to what should be done in the event of a refusal of the Council to pass the Bill. The defeat and death of Hyder Singh, the Sikh Sirdar, who, in the Punjaub, was the supreme power of Heera Singh, has for a time lessened the power of the Prime Minister, Pedaur Singh, who is the leader of the Sikh party in favour of an alliance, and was said to have been killed in a duel, and Prince Minister and his party are in power.
